NAIROBI CITY TOUR.

Nairobi National Park

The world's only national park within a capital city, offering a chance to spot lions, rhinos, giraffes, and zebras just minutes from downtown Nairobi.

David Sheldrick Wildlife Trust

A sanctuary for orphaned elephants, where visitors can watch the playful calves being fed and cared for by dedicated keepers.

Giraffe Centre

An educational and conservation hub where guests can hand-feed endangered Rothschild's giraffes and learn about their protection.

07:00 AM – Pick-Up & Warm Welcome

Your adventure begins with a warm welcome from our professional safari driver-guide, who will pick you up from your hotel or preferred location in Nairobi. As you settle into our comfortable private vehicle, get a quick briefing about the day's exciting schedule. Sit back, relax, and get ready to explore the wild side of the city!

07:30 AM – Nairobi National Park Game Drive

Kick off the day with an unforgettable game drive at Nairobi National Park – the only national park in the world located within a capital city. As the city skyline fades behind you, venture into the savannah to spot iconic wildlife including lions, buffalo, giraffes, zebras, rhinos, and more. The early morning hours offer the best chance to catch predators on the move and herds grazing freely against a truly unique urban backdrop.

10:30 AM – David Sheldrick Elephant Orphanage

Next, head to the world-renowned David Sheldrick Wildlife Trust. Open to the public only from 11:00 AM to 12:00 PM, this orphanage gives you a heartwarming opportunity to watch baby elephants being bottle-fed and playing in the mud. Learn about their rescue stories and how they are rehabilitated before being released back into the wild. It's a beautiful, emotional, and inspiring experience.

12:30 PM – Lunch Break.

After a fulfilling morning, enjoy a leisurely lunch at one of Nairobi's charming restaurants, known for their serene garden settings and delicious local and international cuisine. This is the perfect time to relax and reflect on the day's wildlife encounters before the afternoon leg of your city safari.

02:00 PM – Giraffe Center Experience

Continue your exploration with a visit to the Giraffe Center, home to the endangered Rothschild giraffes. Here, you'll have a chance to interact with these gentle giants—feed them from a raised platform, take selfies as they nuzzle up close, and learn about the conservation work that has helped bring their population back from the brink.

03:30 PM – Scenic Drive Through Karen Suburbs

Enjoy a calm drive through the lush and affluent Karen suburbs, named after the author of Out of Africa. Soak in the charm of Nairobi's green residential areas, dotted with trees, art galleries, and tranquil gardens that tell of the city's colonial past and vibrant present.

04:00 PM – Drop-Off & Farewell

As the tour winds down, you'll be dropped off at your hotel or designated location. With memories of the wild within the city still fresh in your heart, we bid you farewell—until next time. Asante sana for choosing to explore Nairobi with us!
